—

I have a strong passion for believing that websites can be easily accessible and very easy to read for the eyes. Coming from a science background I realize how some websites are very hard to read and are very stressful to the eyes. I believe I can change this.

EXPERIENCE

Sales | Gateway Mining Laboratory Products .LTD

JAN 2016 - 2019, VANCOUVER, CA

- ☞ Communicated between customers and the factory, translated if needed, then negotiated and solved problems.
- ☞ Wrote a document that includes all customer information and was later on built into a database.
- ☞ Worked in a team, to solve internal problems and distribution of works.

EDUCATION

BrainStation | Diploma Candidate, Web Development

SPET 2019 - DEC 2019, VANCOUVER, CA

Douglas College | General Science

SEPT 2016 - MAY 2021

SKILLS

Front-End: HTML5, CSS, JavaScript, React.js, Document Object Model (DOM) APIs

Back-End: Node.js, Express.js, Web APIs, User Authentication, OAuth

PROJECTS

<https://github.com/virustorm/car-share>

Car-share platform that joins multiple car-share information on to one.

<https://github.com/virustorm/pokedex>

A pokedex that used the pokeAPI to create the first 151 pokemons
